Judge Vincent C. Westra

The Honorable Vincent J. Westra has been a District Court judge since 1992. Before Judge Westra was a judge, he was simply a guy named Vincent that attended college at Kalamazoo Valley Community College earning an Associate's degree and later completing his Bachelor's at Western Michigan University. On his journey to becoming an officer of the law, Judge Westra earned his Juris Doctor in 1982 from the University of Toledo College of Law.

Judge Westra is a dedicated family man that enjoys sports and spending time with family and a host of friends. When you meet Judge Westra you forget about his position as he is friendly and down to earth. What you see is what you get. Judge Westra is passionate about wanting every person that comes across his bench to succeed. With that said, he is extremely proud of the success of Sobriety Court. The circumstances that led you into his courtroom are of no consequence, Judge Westra is fair and impartial and will be your biggest cheerleader if you successfully complete the phases and work an honest program.

As Sobriety Court grew, Judge Westra realized that there was something missing. What about the implementation of socializing with one another? A support group of sorts? Could this work? It was a concept that was foreign to many in the judiciary. A few participants got together and started meeting and planning events and supporting each other. Then came social outings (sporting events, bowling, movies, dinners etc.) and unbeknownst to the court staff, meetings were happening around the events either on the way there or back and sometimes during. Friends were made and participants became happier. Proof that the program works if you work it. Because of Judge Westra's vision, Phase Up Group was nominated for and won the Hero Award at the 2017 Michigan Association of Drug Court Professionals. In his usual "subtle" fashion, he recommended that we apply to speak about PUG on the national level. A random application was completed and selected to do a breakout session on Pro-Social Integration into the Community through Sober Events which simply means that you can have fun in sobriety. You will be missed as we journey to Washington, DC but we plan to make you proud and put Kalamazoo in the limelight!

Judge Westra is truly the embodiment of Judge Schma's vision of treatment courts.
